Luane,

Just so you know, the First Selectman has not officially closed the Town Hall, however he has suggested non-essential personnel use a personal day. That being said, while it is possible that this office will be open (won't know until tomorrow) that does not mean that our janitor will be here at night since he has to be here during the day to shovel and such. Therefore, there may not be anyone here to lock up the Town Hall, and the Town Hall may not even be unlocked at night time for your meeting.

Assistant Town Clerk

In the event of snow, I will be unable to attend as I will be out plowing. As for any Reports: I wrote to Mr. Stazick about showing Steve + me the Indian Caves in the State Forest, but haven't heard back from him yet. I will drop by his house one day to get an answer as to when he can show us the caves.
