## ADDENDA #2

Date: July 27, 2020  
Written To: All Prospective Bidders  
Project Name: East Lyme Town Hall RTU Replacement

It has come to our attention that the cost of the equipment could push this project well over the \$100k threshold for prevailing wages and the budget doesn't support this amount. Because of this, we are pushing back the bid opening until Wednesday August 19, 2020 at 2pm to allow us time to come up with changes needed to bring this project within budget. The period for questions is being re-opened until 4pm on Wednesday August 12, 2020.
