Re: 283 Boston Post Road

Dear Bill:

Please accept this as a request for a site plan modification with respect to the above-captioned location. As you may recall, the Zoning Commission approved a special permit for mixed use (CA Zone) on July 13, 2017. At the Public Hearing, an adjoining neighbor requested relatively minor changes in the site plan which were agreeable to the Applicant. These changes related to landscaping, requested location of a propane tank, and the substitution of grading in lieu of a retaining wall. In accordance with this request, the site plan was modified. The purpose of this letter is to request Commission approval of a site plan modification.

Would you kindly place this on the next available agenda.

Yours very truly,

Theodore A. Harris
