Address: \_\_\_\_\_

Phone: \_\_\_\_\_

Alternate # (for day of parade) \_\_\_\_\_

**\*Email:** \_\_\_\_\_

**\*Email will be used for all communications & notifications**

## **Your Classification (Check one)**

- Commercial/Business (for profit)
- Fire Dept./Municipal (representing a town municipal entity)
- Dance Company
- Family/Neighborhood
- Non-Profit Organization

- Floats will have from Noon-5pm to set up and will be required to be onsite by 4pm.
- Floats will be required to stay for the duration of 5-8 PM with the expectation of being on site early (before traffic begins) and until the last patron is through the event, potentially well after the 8pm end time. This is the first time we are holding the event in this format, and we do expect it to draw a large number of cars. We will do our best to close entry into the park at 8pm.
- Please limit the number of patrons who will be in your float space during this event to only necessary bodies, no more than 10 people per group. Your group will be required to stay in a specified area around your float.
- No pedestrian traffic will be allowed into the park after 3pm, and all up to date social distancing and PPE guidelines will be enforced in the park.
- Additional guidelines on event logistics and participant floats will be sent as the event gets closer.
