Date: Tuesday, December 01, 2020 9:25:00 AM

Gary:

We have reviewed the proposed two lot subdivision for Carol York, 92 Old Black Point Road. Water and sewer is available for connection to the proposed subdivision, but will require that the developer install a sewer lateral from the main to the property line. Specific requirements for connection will be determined at the time application is made with this office.

Please let me know if you have any questions concerning this matter.

Regards

Brad Kargl
Utility Engineer
East Lyme Water and Sewer

Subject: 92 Old Black Pt Rd - York Re-Subdivision

Brad,

This is the plans that Bob Pfanner Jr was talking to you about. A simple one liner for Water and Sewer should do fine.
