This is what we intend to do at the property located at 215 Main st, Niantic.

We want to oepn a resturant, the name is Five Churchs By the Bay.

We want to have a " open air " bar that will be located in the corridor> The 3 windows in the center

sitting inside

you will have full view of the water, and if you are sitting out side at the bar.

The patio will be a out side dining area.

The old " banquet" room will be the main dining area, these areas will be serviced by a wait staff

the number of staff will be determind by the capacity of seating.

The kitchen will remain the kitchen.

We want to start with a simple menu, we are going to have wood fired pizza, burgers, wings,

soft pretzles, nachos and a vegitarian and gluten friendly options.

We do not want to limit our menu to these items, we fully intend to expand as we move along.

But for starter we would like to keep it simple.
