Dear Mr. Goeschel,

I will be unable to attend the Special Public Hearing on October 4, and I wish to add my voice to the proceedings living in Clark's Hollow for the past 16 years has been wonderful. The thought of Atlantic's management Group attempting to construct a large development is totally unacceptual.

First "night mare" will be the amount of more traffic on 161. It's always been a challenge just exiting our property now. Can you imagine what it would be like with this new development ~~built~~ there?

If I have any vote about this unnecessary structure - I vote NO!!

Thank you for your help in this matter.

Sincerely
Heather-Jo Purcell
