First Selectman Kevin Seery stated the Town is getting a twice a year disbursement from a fund with the State for .5 cents for every nip bottle sold in town. The Town has received over \$26,000 from this fund and it has to be used for waste management. These containers will deter seagulls. They also will recycle on 1 side and garbage on the other side, and they compact. There will be one in front of the theatre and one by the Black Sheep. The Town will be alerted when it is almost full.

Nick Menapace, 38 Hope Street asked Mr. Seery about the installation of the containers, will they affect sidewalk access, are they easily removable, will they be an expense to the Town?

Mr. Seery stated the Town will remove the garbage and recyclable materials, we will be notified when they are almost full, there will be no impacts to the sidewalks, they will be placed close to where garbage cans are now.
