

REQUIRED PERMITS

The proposed affordable housing project will require the following permits and approvals in addition to the final site plan approval required by the East Lyme Zoning Commission which is the subject of the pending matters conceptual review :

- A. A Zoning Permit issued by the East Lyme Zoning Enforcement Officer.
- B. Building Permit(s) issued by the Building Official of the Town of East Lyme.
- C. A registration under the General Permit for the Discharge of Stormwater and Dewatering Wastewaters from Construction Activities with the State of Connecticut Department of Energy and Environmental Protection.
- D. A review of any area's in which activity is proposed within 300' on the flagged inland wetlands and water courses by the Town of East Lyme Inland Wetland Agency. We note, as is evidenced by the conceptual site plan submitted, that no activity is contemplated in any Inland Wetland or Watercourse.
