Hi Bruce,

He doesn't have more comments beyond "the FD needs access to the buildings and water supply per code" as long as you have demonstrated these things, he's good with a plan.

I hope this helps,

Jess

Good afternoon Jess.

Here is the revised plan for Park Place. The engineer moved the hydrants to accommodate Ben's concerns with the blowoff assembly. Please reach out or have Bill contact me with any questions or concerns. The project is on the agenda for the town meeting on 1/22.

Thanks,  
Bruce Edwards
