2. STATUS REPORT

a. Transportation

Ms. Wilson reported that the R-3 bus that is shared with the Youth Center has developed the same leak that the R-2 bus had (heater coil) so it has been scheduled to go for repairs on Wednesday and will be gone for a few days.

She also reported that her part time driver is going away for about five weeks starting the end of this month and Mr. Collins will fill in during that time.

She is also in the process of putting in for grant funding for medical transportation with other Towns. Salem will no longer be participating so the grant will be smaller as Salem represents \$16,000 of the grant. The grant paperwork is due by April 1st. From last July 1 through the end of February, 45 people in East Lyme utilized this service although 100 have registered for it and keep it as a back up in the event that they have no other transportation option. The program is doing well and they are estimating around 4000 trips for this fiscal year.
